

Red Angus Bulls for Private Sale

Barregowa Percival P05 (A1)

Percival (Percy) is a thickly made deep sided son of Reload who has produced countless quality progeny including Red Wilbar Longitude. Percy is out of our bull maker cow Jewell who just keeps producing quality bulls for us. Percy is deep red in color and a well balanced, easy doing bull who carries himself with ease on excellent feet and legs. He displays excellent phenotype and temperament. His EBV's are above breed average for 200, 400 & 600 day weights as well as Retail Beef Yield.

BCC P05 ~ DOB: 18/10/2018
SIRE: Red Ter-Ron Reload 703T
DAM: Barregowa Jewell Diffy J03

Barregowa Power Mode P08 (A1)

Power Mode who was to be part of our Melbourne Show team in 2020, is a well balanced, long spined, thick made son of the Canadian powerhouse sire Red Ter-Ron Parker 34A. Power Mode is from the Diffy cow family and he is packed full of elite genetics, OLC Chateau K465, HF Tiger 5T and Red RMJ Redman 1T to name a few. He displays excellent temperament and his EBV's are in the top 10 percent of the breed for 200, 400, 600 day weights, carcase weight and Retail Beef Yield. He is in the top 5 percent for EMA. Power Mode would be a versatile choice for any herd.

BCC P08 ~ DOB: 24/12/2018
